Sir:

Submitted herewith is a listing of documents known to Applicants and/or their attorney in compliance with the requirements of 37 C.F.R. § 1.56. Some of these references were cited in the Search Report for corresponding international application no. PCT/US2004/012279 mailed February 18, 2005. In order to facilitate review by the Examiner, US patents or published US patent applications were substituted for counterpart foreign applications cited in the Search Report whenever possible. Copies of the listed documents (with the exception of the US patent references) are also enclosed. In cases where the month of a publication is not provided, Applicants would like to point out that the year of publication is sufficiently earlier than the effective U.S. filing date and any foreign priority date that the particular month of publication is not in issue. Applicants would also like to make the Examiner aware of copending application 11/579,626.

Applicants do not waive any rights to appropriate action to establish patentability over any of the listed documents should they be applied as references against the claims of the present application. This statement should not be construed as a representation that more material information does not exist or that an exhaustive search of the relevant art has been made.

Consideration of the cited documents and making the same of record in the prosecution of the above-captioned application are respectfully requested.

Applicants do not believe any fee is due for the submission of this Information Disclosure Statement. However, the Commissioner is hereby authorized to charge any fee deficiency to our Deposit Account No. 50-4056 under Order No. 7601/88131.

Respectfully submitted,
